I propose that the village road from junction of Bellary-Siruguppa and Kurugodu roads as far as Dommur be taken up for repairs by famine labour. This is about a mile in length and in need of repairs. It does not find place in the famine programme. The District Board Engineer has been asked to prepare an estimate for the repairs of this road atonce. As this road is close to Bhatrahalli camp (Head-quarters of Bellary-Siruguppa road) The Charge Officer and Work agents of Bellary-Siruguppa camp will take up this work and the Famine Executive Engineer has been asked to start only earth work and gravelling for the present. This will help to keep the gangs concentrated for some time and is also a very useful work, far more so than allowing large quantities of metel which will not be used for years. I request the Board may be pleased to approve of my action.
